## Useful Information

### How to order or make an enquiry

Email us at [Orders@OurEsme.com](mailto:Orders@OurEsme.com) — the address appears as an active link at the top of most pages (online version), so it really couldn't be simpler. We will write to confirm availability and price, and let you know your payment and delivery options.

### Payment

Our preferred form of payment is online bank transfer, but we also accept cash and cheques payable to *Esme Trading Limited*. Goods must be paid for in advance or on delivery. We reserve the right to clear cheques before delivery.

### Delivery policy

We deliver every Thursday, but will deliver on other days if we are passing.

We particularly welcome delivery to workplaces or community facilities where someone is in daytime attendance (because this tends to be more efficient and more sociable) but we are happy to deliver to private addresses where this is the customer's preferred or only option.

Our delivery area comprises postcodes LA1-5 and part of PR3 within 5km of the A6 corridor as far south as Garstang. We plan to extend our reach further in the future.

# Hessian Bag — 'Lisa'

£22

red or green

22 x 28 x 7 cm

height 85 cm  
including strap

## **Hessian bag: 'Lisa'**

by Mamacha (Peru)

This fabulous shoulder bag is lightweight yet strong and beautifully lined, with a magnetic popper fastening, and a hand crocheted detail on the flap.

The bag is made by women in the shanty towns of Lima, Peru. Mamacha, the importer, concentrates on creating employment for women who have previously struggled to find a means of earning an income, rather than buying from established cooperatives. A fair price is always paid.

Training and support is given locally by sisters who have devoted their lives to development projects and enabling destitute families to achieve economic independence.

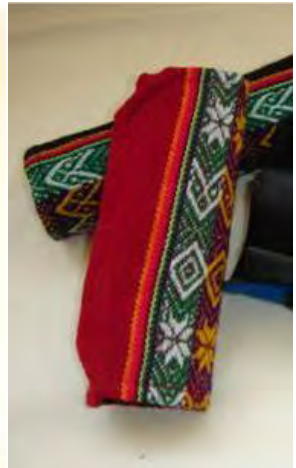

## **ORDERING INFORMATION**

This bag is currently available in bright green or crimson red. The colours do fluctuate however — sometimes the red is brighter — and there is talk of a purple one. Watch this space or just ask!

# Doy lunch boxes

Size: approx 19 cm wide, 15 cm high and 10 cm deep.

£8.00 (rrp = £9.99)

The Doy lunch box has become something of an icon in recent years and is regularly featured in the national press as a 'best ethical gift', but beyond the fun there is an incredible story of how an enterprising group of women in the Philippines tackled a local litter problem, discovered a new strong material for making bags and eventually created jobs for 500 women (and a few men).

Recently in the news for all the wrong reasons as the production facilities and some homes were devastated by last year's flooding, the co-operative is recovering well from this setback.

## ORDERING INFORMATION

Just say whether you want green, pink, orange or purple and we will know what you mean. Note that the green Jungle Juice packs are NOT quite the same style as the packs used for the wallets and pencil cases that we are currently offering.

# Doy large lunch boxes

Size: approx 29 cm wide, 15 cm high and 13 cm wide.

£11.00  
(rrp = £12.99)

You can read about Doy Lunch Boxes elsewhere in this catalogue. This larger version is for those with a heartier appetite, or for two to share, and features designs that may appeal to those less comfortable with Jungle Juice and Jerry Grape.

Recently in the news for all the wrong reasons as the production facilities and some homes were devastated by last year's flooding, the Doy co-operative of 500 women is recovering well from this setback.

# Doy pencil cases

**Doy Pencil cases**     £4.75  
(Philippines)

Like their more famous lunch box cousins, these handy and attractive pencil cases are made from salvaged drinks pouches.

We have stocked designs to complement the lunch boxes but you may prefer to mix than match.

For those already familiar with Doy products, please note that these are the larger style of pencil cases, and have the distinct advantage over the smaller design that you can actually fit quite a lot of stuff in them—not such a bad idea!

We waited ages to get a supply of these bag / purses and were not disappointed when they arrived. Made of a light-weight padded 'manta' fabric, they feature a Velcro fastening and inside is a coin compartment with zip closure.

You can tuck the strap inside and use it as a conventional purse or hang it on your shoulder. Makes a great little gift—perfect for any age.
